

Payment FAQs

Common Questions

- Q: My payment was deducted but the order shows as failed. A: This is usually a temporary hold; it is auto-reversed within 5-7 business days if the order did not confirm.
- Q: Can I change my payment method after placing an order? A: No, the payment method cannot be changed once an order is placed; the order must be cancelled and re-placed.
- Q: Is it safe to save my card details? A: Saved cards are stored securely by the payment processor using encryption; Daraz does not store full card numbers.

Failed Payment Troubleshooting

- Check that the card has sufficient balance and online transactions are enabled.
- Try an alternate payment method (wallet, COD if available) if the card payment repeatedly fails.
- Contact your bank if the amount was deducted but the order was not confirmed after 7 business days.

Promo Codes & Vouchers

- Vouchers are applied at checkout and only valid for the stated date range, category, and minimum order value.
- Only one voucher can typically be applied per order, unless explicitly stated as 'stackable'.
