

Seller Onboarding Guide

Registration Requirements

- A valid national ID or business registration document.
- A bank account for receiving payments, registered under the seller's name or business name.
- Basic business information: store name, contact details, and product categories to be sold.

Onboarding Steps

- Step 1: Create a Seller Center account and submit required documents.
- Step 2: Documents are verified by the Daraz seller support team, typically within 2-3 business days.
- Step 3: Once approved, the seller completes store setup: store name, logo, and shipping settings.
- Step 4: Seller lists their first products, which go through a basic quality review before going live.

Training & Support

- New sellers get access to a Seller University with guides on listing optimization, pricing, and order management.
- A dedicated seller support channel is available for onboarding questions during the first 30 days.
