

Seller Policies

Listing Requirements

- Sellers must provide accurate product titles, descriptions, images, and pricing that match the actual item shipped.
- Counterfeit, prohibited, or restricted items (e.g. weapons, certain medications) may not be listed.

Order Fulfillment Obligations

- Sellers must confirm and pack orders within 24 hours of receiving them, and hand over to the courier within the agreed pickup window.
- Repeated late fulfillment or cancellations may result in lower seller ratings or listing visibility.

Returns & Refund Obligations for Sellers

- Sellers must accept eligible returns per the platform's return policy and cannot impose stricter rules than Daraz's stated policy.
- Sellers are responsible for return shipping costs when the return reason is their fault (wrong or damaged item).

Performance Standards

- Sellers are evaluated on order defect rate, late shipment rate, and cancellation rate; consistently poor performance can lead to account suspension.
